APPLICATION OF DENSE AIR NETWORKS US,) CAUSE NO. 46071
LLC FOR A CERTIFICATE OF TERRITORIAL)
AUTHORITY FOR COMMUNICATIONS SERVICE) APPROVED: JUN 19 2024
PROVIDERS)

ORDER OF THE COMMISSION

Presiding Officer:

Kristin E. Kresge, Administrative Law Judge

On May 16, 2024, Dense Air Networks US, LLC (“Applicant”) filed with the Indiana Utility Regulatory Commission (“Commission”) its Application for a Certificate of Territorial Authority (“CTA”) to provide information services, specifically broadband connectivity services to service providers, municipal entities, and other enterprise customers and described in the Application, within the State of Indiana. The Commission published notice that Applicant filed an application for a CTA to provide communications services within the State of Indiana. Absent a timely request, the Application may be granted without a hearing.

Based upon information contained in the Application and applicable law, the Commission makes the following findings:

1. Commission Notice and Jurisdiction. Due, legal, and timely notice of the Application was given and published by the Commission in accordance with General Administrative Order (“GAO”) 2019-6 and Ind. Code § 8-1-32.5-9. Applicant requests the issuance of a CTA pursuant to Ind. Code ch. 8-1-32.5 and, therefore, the Commission has jurisdiction over Applicant and the subject of this Cause.

2. Commission Discussion and Findings. The Applicant filed an application for a CTA and information describing its proposed communications services in the State of Indiana.

The Application was filed with the Commission on May 16, 2024. Notice of the Application was posted to the Commission’s website. No timely written request for intervention or a hearing was made by any entity during the 30-day posting period, and the Commission has not, on its own motion, determined a need for a hearing in this Cause. Accordingly, no hearing is required in this Cause.

Therefore, based upon the information provided by Applicant in its Application, the Commission finds that a CTA for information service, specifically, broadband connectivity services to service providers, municipal entities, and other enterprise customers, proposed to be offered within the State of Indiana should be issued to Applicant, consistent with and subject to the following findings.

The Applicant shall comply with all applicable legal requirements pertaining to the provision of the communications services authorized by this CTA, including, but not limited to, the following:

a. **E-911.** If and to the extent Applicant is a “provider” (as defined in Ind. Code ch. 36-8-16.7), Applicant shall provide notice to all counties and Public Service Answering Points (“PSAPs”) covering areas in which Applicant offers communications service (as defined in Ind. Code § 36-8-16.7-7) in Indiana to users (as defined in Ind. Code § 36-8-16.7-21), when the offering of communications service commences in the county and the PSAP’s area, in order to facilitate the continued operation of the enhanced emergency telephone systems, provide PSAP database updates to applicable 911 Service Providers and perform all other applicable obligations and responsibilities as set forth in Ind. Code ch. 36-8-16.6 and Ind. Code ch. 36-8-16.7.

b. **Notice of Initiation of Service.** Pursuant to Ind. Code §§ 8-1-32.5-6(b)(3)(D) and 8-1-32.5-6(a)(9)(A), Applicant shall file a notice with the Secretary of the Commission of Applicant’s “in service” dates (i.e., the dates on which Applicant commences offering communications service) within 90 days of each “in service” date.

c. **Additional Filing Requirements.** Applicant shall file any other data, information, or reports required or requested by the Commission, including, but not limited to, information concerning the types of service offered and any information needed by the Commission.

d. **Indiana Underground Plant Protection Service.** To the extent Applicant owns, maintains, or otherwise has control over underground facilities, Applicant shall establish and maintain contact with, and provide appropriate notice to, the Indiana Underground Plant Protection Service, the designated administrator of the 811-dialing code in Indiana, and comply with Ind. Code ch. 8-1-26.

e. **Notice of Changes.** Applicant shall notify the Commission, pursuant to Ind. Code § 8-1-32.5-12, of any change involving either Applicant or the CTA occurring after the issuance of this CTA. Such notice shall be provided using the Commission’s Verified Notice of Change form. If the change involves the provision of other types of services than those approved herein or the reclassification of a communications service approved in this CTA, additional obligations and fees may apply.

f. **Other Customer Notifications.** Applicant shall provide appropriate notice to customers when Applicant offers new communications services, discontinues communications services, and/or increases rates and charges for communications services in any of Applicant’s service areas in Indiana pursuant to Ind. Code § 8-1-32.5-11(b) and any regulations adopted by the Commission.

IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:

1. Subject to the Findings set forth in this Order, Applicant Dense Air Networks US, LLC is issued a Certificate of Territorial Authority as a Communications Service Provider to provide information services as requested in the Application that is the subject of this Order.
2. This Order shall be effective on and after the date of its approval.

HUSTON, BENNETT, FREEMAN, VELETA, AND ZIEGNER CONCUR:

APPROVED: JUN 19 2024

**I hereby certify that the above is a true
and correct copy of the Order as approved.**

Dana Kosco
Secretary of the Commission
